CREATIVITY YOU CAN TOUCH

CREATIVITY YOU CAN TOUCH

THE
EM is San Francisco's
premier experience museum,
where people of every back-
ground can come to engage
all senses and transport them-
selves within our exhibits. With
featured artists from all over
the world, each room provides
a unique experience to learn
interactively and make
memories that last a lifetime.

Enjoy new exhibits that focus
on current cultural,
political, and environmental
topics, and revisit our
permanent interactive art
collection with fresh eyes and
new company. Our spaces are
also available for private tours
and events outside of public
hours of operation.

Come experience it today!
